Church in the Public Square | “Seeking the Welfare of the City”

Read Jeremiah 29:7

1. What does it mean to seek the peace and prosperity (shalom) of our city, and how does being “foreigners and exiles” influence this?
2. How can we practically apply the five principles for seeking the welfare of the city in our community and daily lives?
3. Why is it important to ask, “What does God's Word say about this issue?” and how can we apply relevant Scripture to societal issues?
4. How can practicing humility help in civic engagement, and what practical ways can we build bridges with those of different beliefs?
5. What specific steps can we take individually and as a group to engage our community effectively, ensuring our actions reflect God’s values?
