

## **Community Group Discussion Questions**

**Moraga Valley Church | Sunday, August 18 2024**

**Vision Sunday | "Room to Grow"**

### **Read Psalm 18:19**

1. The sermon defines "spaciousness" as "the freedom that comes from God's rescue." How have you experienced this kind of freedom in your own life? In what areas do you still feel confined and in need of God's spaciousness?
2. Pastor Brandon mentions two common responses to God's rescue: "Why me?" and "Not me." Which of these responses do you tend towards, and why? How does the idea that God delights in you challenge these responses?
3. The sermon emphasizes that God not only loves us but likes us and is "especially fond" of us. How does this perspective of God's delight in us differ from your previous understanding of God's attitude towards you? How might embracing this truth change your daily life and relationship with God?
4. The church is focusing on "making room for the Next Generation." What excites you about this vision? What challenges do you foresee, and how can we as a church community address them?
5. Pastor Brandon invites the congregation to participate in the 21 Days of Prayer Text Challenge, praying specifically for one person who doesn't know the "spacious places" God has for them. Who will you commit to pray for, and how can our community group support each other in this challenge?
